

# GREAT AMERICAN CLEANUP™

## Cleanup with Keep JACKSON Beautiful City Wide

# April 30th, 2011

The state of Tennessee for the last three years has had every county participate in the Great American Cleanup™, Keep Jackson Beautiful has taken this as a challenge to get every district involved in Jackson. Together we can accomplish this goal.

The idea is simple. People volunteer their time to participate in this activity to help brighten our community. The reward is an improved quality of life!
